PROFILE

As a PHP Web Developer with 5+ years of experience, I specialize in building responsive, user-friendly websites and custom web solutions using WordPress, Laravel, and other modern technologies. My expertise extends to CMS management, ecommerce platforms, and automation tasks, ensuring efficient and scalable digital solutions.

WORK EXPERIENCE

Website Content Manager JAN 2024- PRESENT
Megatek S.A

- Updated text, optimized images, and made sure all content is aligned with branding and user experience goals.
- Collaborated with teams to maintain a dynamic and engaging online presence, utilizing best practices in web content management.

Ecommerce Specialist APR 2022 - JAN 2024
Megatek S.A

- Created landing pages for campaigns in collaboration with designers, photographers, and other team members.
- Utilized tracking tools such as Google Tag Manager and Google Analytics to analyze performance and make data-driven decisions.
- Regularly updated content across multiple stores on the Magento website, ensuring consistency with ongoing campaigns.

Frontend Web Developer SEP 2021 - MAR 2022
Megatek S.A

- Used Magento to create and customize key website pages like the homepage, services, about us, and contact pages.
- Utilized HTML, CSS, JavaScript, and Bootstrap to ensure responsive, visually appealing designs.
- Worked with company-approved plugins leveraging them to their full potential to meet the business needs.

PHP Web Developer SEP 2019- PRESENT
Freelance

- Fixed issues across existing Laravel-based websites and implemented new features and functionalities as needed.
- Created and maintained websites using Elementor and WPBakery, ensured SEO-friendly and integrated tools such as Google Analytics

Web Development Intern MAR 2021 - AUG 2021
Shero Academy

- Worked with technologies such as HTML, CSS, JavaScript, and frameworks like Bootstrap.
- Expanded my knowledge of backend technologies, particularly PHP, where I contributed to developing web applications.
